today's look

I could easily wear this outfit every day. It's super-soft, lightweight and flattering (even at 6.5 mos preggio). I mean look at how happy the model in this photo is... clearly this is incredibly comfy loungewear.

p.s. I know it's been a while since I've posted to my Splendor Style Diary... that's because as my pregnant belly expands I've been wearing tons of Rachel Pally and C&C tees (most of which are from previous seasons and no longer available to share with you online.)

LOVE
the Levy tee. LOVE LOVE LOVE. If it wasn't starting to get so hot here, I'd buy that in a heartbeat.
